REYNOLDS INSTALL NEW FOUNTAIN

Among the recent improvements made in Hamlin, one of the most outstanding is the installation of a fourteen foot Bastain - Blessing Knight Soda Fountain by Reynolds Pharmacy. The fountain of modernistic design is of Ravinia marble in panels of gray-rose trimmed in black and and silver with a "curly" black marble bar.

All the machinery and equipment of the fountain is new. The porcelain-lined, refrigerated pumps and storage compartments with outside stainless steel finishes, not only add to its attractiveness, but, also make it one of the most sanitary and hygienic soda fountains.

Accompanying this beautiful fountain are seven stools which are amply accommodated by the added length and width.

It will be remembered that thirteen years ago—"lucky 13"—Mr. and Mrs. Clifford Reynolds began business in the building now occupied by the Rainbow Cafe. Then it was called "Reynolds Confectionery" and the sole equipment was a very small soda fountain and a cigar case. Soon after, they moved to the John Turner Building which they now occupy. To their former equipment, Mr. and Mrs. Reynolds added 12 feet of "home-made shelves" and a small line of patent medicines. Even then, a greater part of the floor and wall space was bare. The next improvement was the addition of a complete line of package drugs.

Then in 1932, they extended the floor space and added a prescription department, thus making the store a "full-fledged" pharmacy. It was at that time also that the name was changed to Reynolds Pharmacy.

From time to time, other new fixtures and additions have been made in the store, one of the most recent being the system of indirect lighting.

Thirteen years ago, Mr. and Mrs. Reynolds set a goal toward which they have worked continuously and diligently, and they are to be congratulated for their progress. Now with the installation of their new modernistic marble soda fountain, Reynolds Pharmacy is one of the best equipped and most modern pharmacies in West Texas.

Mrs. O. L. Taulman and little son, of Monahans, are guests of her parents, Mr. and Mrs. W. W. Green.

VETERAN COWBOYS WILL MEET FOR REUNION

STAMFORD, June 10—Veterans of the range who crowded the Indians and buffaloes from Texas plains and established a great cattle empire are turning eager eyes toward Stamford as the time approaches for the Eighth Annual Texas Cowboy Reunion on July 1, 2 and 3.

The round-up of pioneer cowboys and cattlemen to renew acquaintances, revive memories of the old west and keep alive customs and traditions of the early day cattle country is the original purpose for which the Reunion was organized in 1930.

The oldtime cowboys have their own organization, known as the Texas Cowboy Reunion Association, which holds its meetings each year as guests of the Texas Cowboy Reunion, Inc. Membership of the association, now numbering 1,400, is limited to men who were actively employed on ranches 35 years or more ago.

Walt Cousins of Dallas, former West Texas cowhand, is president of the organization and will preside at the July meeting at which new officers will be elected. Chas. E. Coombes, Stamford, secretary, reports that 34 new applications for membership already have been received. Majority of the new registrants usually do not apply until a few days before the meeting. Payment of dues to date is on a par with last year.

Payment of the membership fee of \$1 a year is required before the coveted oldtime cowboys' badge is issued. The badge entitles the wearer to free admission to the cowboy rodeo with grandstand seat at all performances, a chuckwagon dinner at noon each day of the Reunion, and admission to the cowboy square dance each night.

The oldtime cowboys have their own bunkhouse, a unique stone structure, engraved with scores of cattle brands. This building on the Reunion grounds serves as their headquarters and meeting place. Funds are being raised for enlarging this building. The fund now amounts to \$1,000 and two registered bulls will be sold at auction during the Reunion and the proceeds added to the bunkhouse fund. One of these bulls was donated by John M. Gist of Odessa, a past president of the oldtime cowboys, and the other by A. J. Swenson of Stamford, former treasurer. Other donors to the fund were T. J. Hendrick of Abilene, \$500, and the Texas Cowboy Reunion, Inc., an equal amount.

McCAULEY MATTERS

(By JOHN P. HARDESTY)

IN MEMORIAM

Funeral service for B. E. Miers, who died Thursday, June 3, was held at the Baptist Church Friday at 4 P.M., conducted by Rev. C. E. Dick, father-in-law of the deceased, with Rev. H. H. Summers, Abilene, long time friend of the Dick family, and Rev. J. R. Bateman, local Methodist pastor, assisting. Interment was in the local cemetery.

A verdict of accidental death by gunshot wound was rendered by coroner John W. Rector. The tragedy occurred about noon. The body was discovered near the barn and close to a barbed wire fence about 150 yards from the house. Nearby was a .22 caliber target rifle.

B. E. Miers was born April 14, 1897. His fortieth birthday was recently observed. He was married to Miss Edith Dick Aug. 26, 1925. He made a profession of the Christian religion, according to information given the writer by his parents, when he was a small boy, but never united with the church. He was of a quiet, retiring disposition; a friend to every good cause, ever ready to aid any who were in need; a useful citizen, good business man, affectionate husband, and numbered his friends by his acquaintances.

Surviving him are the following near relatives: Mr. and Mrs. S. E. Miers, parents, McCauley; R. L. N., D. J. B., L. B., and Roy, all of McCauley; T. R. of Ft. Worth; H. H. of Lamesa, brothers; five sisters: Mrs. W. L. Curry, Cisco; Mrs. Geo. Darden, Mrs. Ellis Eivens, McCauley; Mrs. Sim Reeves, Balmorea, and Mrs. James Wall, Pecos.

Near relatives of Mrs. Miers: Rev. and Mrs. C. E. Dick, parents, C. E., Jr. and Sallie, Ovalo; two sisters, Mrs. O. W. Young, Crosbyton, and Mrs. J. W. Carter, Lubbock; another brother, E. B. of Avoca.

The Miers family is one of the best loved in this community, having lived here from the early beginning of the town. One of the largest crowds ever to attend a funeral here attested the high esteem in which the deceased and the large family is held. The floral offerings were beautiful and profuse. Active pall bearers were B. F. Short, Luther Rector, Ted Abbot, Garland Davis, C. P. Yates, Turner Beard, of Hamlin, Turner Houghton, and Sam N. Hardy of Memphis, a former resident of McCauley. Honorary pall bearers were members of the Hamlin baseball club.

McCauley, June 8. —On Saturday evening at 7:30 Miss Lila Lee became the bride of John Reynolds in a quiet home wedding at the home of her parents, Mr. and Mrs. Carroll Lee. The only witnesses beside the members of the family were T. R. Johnson and his sister, Miss Macie Johnson, special friends of the Lee family. The wedding service was read by Rev. J. R. Bateman, pastor of the McCauley Methodist church. The bride is the older daughter of Mr. and Mrs. Lee. The couple left immediately for their home, newly

furnished, in the Sweedonia community, north of McCauley eight miles, where Mr. Reynolds is engaged in farming.

The revival meeting at Neinda for the Methodist church will begin July 1, according to the announcement of the pastor Rev. J. R. Bateman. Pastor H. W. Hanks of the Hamlin Methodist church is to assist in the meeting. The meeting at Boyd's Chapel begins Sept. 8, and the visiting preacher is to be the Rev. A. A. Kendall of Tuscola. The meeting at McCauley will be the first Sunday in Aug. with the Rev. W. E. Fisher of Rotan assisting.

The revival for the McCauley Baptist church will begin the fourth Sunday in August, conducted by the pastor, with local forces assisting.

The Fishermen and Kingdom Builders classes of the Baptist Sunday School held their monthly social and business meeting jointly Tuesday evening at the church. Following devotional services the class paper, The Kingfisher-Herald, edited by Mrs. Garland Davis, was read and enjoyed by all present. Contests were featured, followed by refreshments of cake and ice cream. The following named were present: B. F. Short, J. W. Woods, Levi McCollum, Ernest Webb and Jno. P. Hardesty of the Fishermen Class; Mmes. B. F. Short, Levi McCollum, Marvin Rhoton, Earl Rhoton, W. C. Jackson, W. F. Davison, J. W. Woods, W. H. Stephenson and Jno. P. Hardesty; Miss Ora Stephenson, Mary Ann McCollum, Buford Jackson. The classes decided to defer their social meetings until after the revival season closes. The next meeting will be Tuesday after the first Sunday in October.

Mr. and Mrs. R. E. Hughes of Avoca have moved into the house of Mrs. B. E. Miers, where they will reside. Mr. Hughes has been employed by Mrs. Miers to farm the crop, one of the best in this community. The McCauley people welcome them as citizens and neighbors.

There will be a gospel service at Flat Top Sunday afternoon with Woodie Holden, of Hamlin, speaking. You are invited.

Just a little jaunt about the farming communities surrounding Hamlin last Sunday afternoon, convinced us that this year the farmers who chanced to have a wheat field are enjoying a "miracle crop."

And here is something NEW under the sun, in Hamlin.....Did you ever hear anybody say he did not want it to rain? Well, we're telling you. The farmers, especially the ones with ripe wheat, may have prayed for sunshine and not rain since last week. Maybe their prayers have been answered, for despite the fact that heavy dark clouds have hung all around and over, with flashes of lightning and rolls of thunder, by-the-way no rain has come this week, up to this dandy cool Thursday afternoon.

Harvesters were running Sunday and will continue to operate day and night till the crop is saved or till rain stops them.

One farmer, J. C. Greenway, in speaking of wheat, says not only did the straw turn to heads but down even to the roots. It is a fact that wheat this year is a miracle surprise. Lots of fields that looked sorry as heck, six weeks ago, are now making around twenty bushels per acre. And wheat this year is "wheat." Old fields that were pastured and tramped

down to dust are now yielding golden grains.

The Herald never means to be partial in anything in the community, but we do wish to call attention to one lovely wheat field. It is the Keeny farm, just east of the Cemetery. We believe there is one of the best looking fields in the county—all in one body of about 320 acres, almost level as a floor. The owner lives in Mobile, Alabama, and the farm is under the management of Joe Culbertson. Well, it's a sample of what can be done under fair conditions.

Car load after car load of wheat is being shipped out on "both" of our railways, the Katy and the Santa Fe. Men are working, who have not had a job in months. It looks like prosperity has really come "round the corner."

Now speaking of "rural pictures," Hamlin community is really a picture. It looks like a good stand of cotton and feed has been secured. Cotton in some fields is advancing rapidly, the early is doing especially well. Fields are in a good shape. But who wants it to rain NOW? This is harvest time, and maybe rains will come later.

MOVED AGAIN

Folks, once again, and maybe for the last time, The Herald has moved. Just about 22 years ago, we moved to our present location. Then it was that we just tore up and shifted.... Since last you read The Herald, we not only "shifted" but we have stripped branches, laid low the trunk, and dug up the roots, and if you don't think that's a job try moving a print shop sometime.

Just 22 years ago, it took us two or three weeks to get things started off again, but this time, we never let a wheel stop. Not a thing has come to us for printing or publishing but that it was handled in rapid order. Our presses are moved, re-set, new electric lines have been run, new hook-ups made, for all presses and machines. Thousands of pounds of materials have been shifted and here we are, this good week of June 11, with your paper—maybe not so full and maybe not so newsy, but it is under its own power. Remember 22 years ago we had to carry our forms to our neighbors in Stamford and Anson for printing....not so this time. Well, so long for this week. Remember our front door has been moved to the back. So come around and see us sometime. You can't get in, but you can peep in and say hello. Maybe you want some printing, say so. Maybe you want to renew your Herald; if so, gosh, we need it. Really the last few weeks we have failed to mark the papers that have expired.

CARD OF THANKS

We wish to express to our friends and neighbors our deepest gratitude for the many thoughtful kindnesses shown us at the death of our loved one. Your messages of sympathy and beautiful floral offerings were each appreciated and will ever be a treasured memory.

SWEETWATER MEN COMING WED.

Russell Bennitt of the Sweetwater Reporter and George D. Barber, manager of the Board of City Development were visitors in Hamlin a few days ago, coming here to make arrangements for a good will trip of Sweetwater wholesalers and manufacturers on Wednesday, June 16. They are scheduled to arrive here at 11:00 A. M. for a 30-minute visit with local retailers.

The high school band under direction of Russell Shrader, will accompany the Sweetwater trippers and will play a brief concert on Main Street. The band will be traveling in a special bus, but the wholesalers and manufacturers are to arrive in a motorcade of private automobiles. They will have loud speaker equipment and arrangements are being made for an address of welcome by

Joe Culbertson, Mayor, with a response from one of the visitors.

"We have two purposes in making this trip," Mr. Barber explained, "we want the people of Hamlin and this section to become better acquainted with the manufactured products and the goods sold at wholesale by Sweetwater citizens, and we want to become better acquainted with your people and this section. We are also advertising our third annual Water Carnival, Beauty Revue and Sports Festival, to be held July 9 and 10. We had more than 8,000 people witness the various events in this celebration last year and we hope to have in excess of 10,000 this year. We certainly want you people to attend in large numbers."

This is the first year Sweetwater wholesalers and manufacturers have attempted organized good will trips into the trade territory. Mr. Barber stated, but it is believed they will become an annual affair. The second trip, June 16th includes eight towns, Roby, Anson, Stamford, Hamlin Ro-

tan Clairemont, Post and Snyder. The first trip was June 9th to Divide, Hylton, Winters, Ballinger, Rowena, Miles, Bronte, Robert Lee and Blackwell. A third trip is to be made June 23. The public is urged to turn out to greet the Sweetwater visitors June 16th.

SPEEDWAY OR HIGHWAY

THOUSANDS said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. SERIES OF PARTIES IN CULBERTSON HOME

The country home of Mr. and Mrs. J. C. Culbertson east of Hamlin was the setting for two lovely parties when on Thursday and Friday afternoons Mrs. Culbertson was joined by her daughter, Mrs. Joe Culbertson, Mrs. J. L. Keen and Mrs. R. B. Wiar in entertaining two groups of friends.

Roses, gladiolas and other summer flowers in varied hues decked the spacious rooms where tables were arranged for bridge. In the games Thursday afternoon Mrs. Jess Corey made high score and Mrs. Heflin Miller scored high in the play Friday afternoon.

At the refreshment hour tables were centered with crystal vases of cape jasmine where an ice molded in the form of a pink rose, angel food cake and punch were served.

The guest list included Meses. R. H. McCurdy, J. F. Taylor, A. E. Par-lue, C. G. Green, John Ed Day, Bob Low, Weldon Griggs, J. T. Bynum, Jack Estes, Ted Bledsoe, Fred Carpenter, R. Y. Barrow, Clinton Barrow, Bill Rountree, Art Carmichael, M. T. Woodward, Arice Jones, J. P. Morgan, J. O. Jones, B. M. Brundage, Paul A. Fowler, Mart Farrow, L. H. McBride, H. O. Cassle, Paul Cain, F. B. Moore, J. Frank Johnson, Dick Moore, J. W. Ezell, D. J. Payne, Elmer Feagan, A. D. McLaughlin, Jess Corey, Ray Willingham, W. J. Poe, D. O. Sauls, Henry Albritton, Howard Via, Heflin Miller, B. L. Jones, Oscar Maples, J. B. Eakin, Morton Keen, John Whaley, Misses Annie Laurie Johnson, Eleanor Temple, Al-lie and Pearl Whiteley.

Out of town guests were Mrs. Marvin Culbertson, Vernon, Mrs. M. Smith, Anson, Mrs. Holley Toler, Austin, Meses. Paul Fraser, Guy Pat-terson, Bert Strayhorn and Lance

Davis, Rotan, Miss Ella Beall, Aus-tin, and Miss Oneita Rimmer, Wichi-ta Falls.

TUESDAY CLUB MEETS WITH MRS. WIAR

Mrs. R. B. Wiar entertained the Tuesday Club in her home at the Shell Pipe Line Station, Tuesday afternoon. Garden flowers decorated the living room where two tables of contract were in play. High score was made by Mrs. J. W. Ezell.

Following the games peach ice cream, cake and punch were served to Meses. J. L. Keen, J. C. Culbert-son, H. O. Cassle, J. W. Ezell, John Vaughan, D. O. Sauls and Miss Pearl Whiteley.

SEVENTH BIRTHDAY CELEBRATED

Mrs. Joe Hull honored her daugh-ter, Gertrude, on her seventh birth-day, Monday, with a party in the home of Mrs. L. E. Hines in Plas-terco. Games, directed by Miss Viva Dell Anderson and Miss Ima Lee Daniel, were enjoyed and a number of beautiful presents were presented the honoree.

Cake and punch were served to Doris Ewing, Lola Bell Mahaffey, Nora Faye Boyd, Bettie Gene Hines, Wanda Lou Smith, Glenda Faye Ray, Bernice Elkins, Joy Scott, Ar-ley Ray, Mildred Scott, Corene Wil-cox, Wilda Jean Fancher, Louise Riddle, Aubrey Ray, Glen Dell Eat-on, Othell Wallace, Jamie Faye Griffin, Billie Joe Mize, Iris Ann Criswell, Bobby Ray Mize.

MRS. HENRY ALBRITTON HOSTESS FOR BRIDGE

Mrs. Henry Albritton was hostess in her home on Hope Avenue when

she entertained on Tuesday and Wednesday afternoon with bridge. Sweet peas and other summer flow-ers formed decorations for rooms where games were played. Mrs. Weldon Griggs held high score on Tuesday afternoon and Mrs. A. E. Pardue made high score in the games Wednesday afternoon. An ice course was served at the conclusion of the play.

Guests Tuesday were Meses. Wel-don Griggs, Turner Bynum, Frank Waggoner, B. M. Brundage, Heflin Miller, Mrs. O. L. Taulman, of Mon-ahans, Misses Mary Boyd and An-nie Laurie Johnson.

Those playing Wednesday were Meses. A. E. Pardue, F. B. Moore, J. C. Culbertson, Joe Culbertson, Bill Rountree, Clinton Barrow, L. H. Mc-Bride, B. L. Jones, J. W. Ezell, H. O. Cassle, J. F. Taylor, J. P. Morgan, D. D. Harden, C. G. Green, C. C. Prater and Miss Mary Boyd.

The biggest ideas are usually ex-pressed in the simplest words.

The investment in highways made by Texas taxpayers will not be pro-ected, the beauty of the roadside preserved and the safety of the trav-eling public safeguarded until ad-vertising signs are excluded from re-sidential and rural districts Marvin Nichols, of Fort Worth and head of the Texas Planning and Civic Con-ference said recently.

KNOW TEXAS

By F. L. McDONALD, T. S. C. W. NEWS BUREAU, DENTON

DENTON. — The difference be-tween a horse and buggy and a streamlined automobile is not great-er than the difference between Tex-as highways of today and those of ten years ago. Humpbacked roads, murderously slick surfaces, and deep ditches on each side of high embankments are even more scarce than the horse and buggy, and the bumpy patches are going too.

Responsible for these changes is the State Highway Department, guided by the Highway Commission. The policies formulated by these three commissioners are executed by the highway engineer, whom they select. He has the power to appoint department heads and division chiefs and serves as long as the majority of the commission votes to keep him. Gibb Gilchrist has held the post for the past nine years.

According to Harry Hines, chair-man of the commission, there are about 10,000 employees in the de-partment alone, exclusive of the con-tractors' employees on each job. Almost all construction work on the are among the best equipped in the on test jobs which are done by the department at frequent intervals to determine fair prices.

Maintenance and repair work is done by state employees, however, and through experimentation and economy the cost of keeping up state highways has been cut from \$445 to \$295 a mile. The reduction of costs through improved methods is the result of work done by the de-partment's huge laboratories, which are among the best equipped in the na-tion. In these laboratories every retested for value and durability.

Two of the largest small tasks of the maintenance division are the re-moval of road makers and the re-moval of animals killed on the high-way.

Miss Louise Reynolds who has been attending Abilene Christian College is at home to spend her vacation with her parents, Mr. and Mrs. Bill Rey-nolds.

NO "BOOMS" TODAY,

THANK YOU

Thirty days without a traffic fat-ality! That is a record of which San Diego, California, may justly be proud. It is the result of an aggres-sive safety campaign initiated by lo-cal officials who had become alarmed by the staggering number of traffic deaths occurring within their city.

To fully illustrate the impressive results obtained, the safety commit-tee of the local post of the American Legion prepared a chart closely re-sembling an ordinary index of busi-ness activity. The traffic death rate before the drive was represented by a diagonal line, reaching its peak in the upper right hand corner of the chart, darkly hinting at a breath-tak-ing and horrifying "boom" in the "death business." Reduced to figures this line meant that on the average, one person was killed every three and eight-tenths days. Results of the drive were represented by another line that showed that the death rate had been reduced to one person each fourteen and three-tenths days—a decrease of almost 80 per cent.

Success of the safety campaign was attributed to the fact that the police "cracked down" and the courts backed them up by handling cases efficiently and impartially. Too, San Diego's leading newspapers aroused in the public a spirit of wholehearted cooperation with a steady stream of constructive and helpful publicity.

San Diego's fine record conclusively proves that safety campaigns, seri-ously taken, can accomplish surpris-ingly effective results in any com-munity.

BY JIM FERGUSON

(Editor's Note: This article is published as a news item, and represents the personal views of Mr. Ferguson only).

LABOR TROUBLES

Labor strikes continue to grow. The public has been informed for some time that strikes have been confined to the large factories and labor troubles have not yet extended to the smaller employers of labor.

A friend of mine who has made a trip through the North and East says that the strike situation is far more extensive than people are informed about. This friend tells me that many small factories have been closed down from two to three months, and in some towns bakeries have been closed for weeks and no mention has been made of the fact in the daily papers. Be that as it may, the papers each day carry the statement of new strikes, and it was reported last week that 70,000 men in the steel industry walked out.

Even here at home the garment workers are on strike in Dallas and San Antonio, and several hundred garage mechanics in Houston are on strike. In almost every place the strikers are demanding higher wages and fewer working days and shorter hours.

Henry Ford, who has paid higher wages under comfortable conditions than anybody of his day and generation is now confronted with union labor's demand for recognition of the union and higher pay. Mexico reports 18,000 on strike in the oil fields. In almost every part of the country there is some form of labor agitation and dispute.

It is not my purpose in this article to say who is right or wrong in

the different strike situations. Labor employees may be right or wrong. Employers in refusing labor's demands may be right or wrong. Time will tell. But what I want to call attention to is the wide extent of the strike and the probability of wider extension of strikes and the result that may develop.

If the laboring ranks now on strike should be able to force employers to grant their demand for higher pay and shorter hours, then it may be expected that thousands upon thousands of other laborers not now on strike will join the strikers and riots which have taken place will be very small in comparison as to what may be expected when a majority of labor joins the contest.

Notwithstanding the already wide extent of strikes, the people as yet do not appear to be concerned about the situation, and though the condition grows worse every day the people generally are paying no attention to the seriousness of what may happen.

If anybody will just stop and think for a minute as to what this strike issue may result in, they will see that there is grave danger to the public as well as the employers and employees who are now engaged in the strike controversy. All the strikers and their employers are engaged in business that directly involves the people and the issue is how much the public must put up to satisfy labor's demand for wages and hours. While the people appear to be sleeping, it is quite evident that this is the people's business that labor and employers are fighting over.

Sooner or later the people will be called on to discuss the merits of the contest, and whether they want to or not, the people will have to take sides in the contest. Should such a situation arise, it is not to be expected that the people will agree. As a matter of fact we know they will be divided, and revolutionary conditions will afflict the people now at peace with each other and taking no active part in the dispute between employers and employees.

Is it not high time for the people to begin to give some cool and mature thought to conditions which threaten them. It appears that the situation might become so serious as to get beyond control. I urge the people to think ye on these things. A stitch in time saves nine. An ounce of preventative is worth a pound of cure.

MY OWN SUCCESS STORY

*Giving people
more mileage*

I like people to know that I'm not just hired at my station. I'm the proprietor, making my living, all on my own. Naturally I'm choosy about anything I recommend, so no matter how close you might check whatever I say about mileage and performance, I can always look you square in the eye. And that goes double for my Conoco Germ Processed oil. It is the only kind that can Oil-Plate your engine. The patent Germ Process, you might say, gives this oil a real strong "yen" for metal. The oil actually joins up with every working part, always leaving a durable, slippery Oil-Plating that cannot run down, whether your car is stopped or hitting it up. Then you can start up a thousand times a day, or streak along from morning till night. But Oil-Plating will still be there, heading off wear, and letting you skip a lot of stops you used to make for oil. You'll be back here saying even more than me, about all your mileage and performance from Conoco Germ Processed oil.

House Joint Resolution

Proposing an Amendment to the Constitution of the State of Texas to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; providing for the proclamation and publication thereof; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows:

"Section 20. No property of any

kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3 per cent) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayers shall be allowed a one per cent (1 per cent) discount if said taxes are paid thirty (30) days before they would otherwise become delinquent. This amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the proper ad-

ministration of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing, that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for

the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereof.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

Edward Clark,
Secretary of State.

MRS. G. L. ROBERTSON BURIED IN MARTHA, OKLA.

Mrs. G. L. Robertson, of the Hitson community, died Sunday, June 6 at 12:00 o'clock in the Stamford Sanitarium, where she had been taken following an injury which she received in a car accident Friday.

Mrs. Robertson, in company with her son, J. T. Robertson and wife, was returning Friday from Ackerly where she had been to visit relatives, and about one mile east of Royston the car struck loose dirt and went in-

to the ditch, but did not turn over. It was thought the force of the jar threw Mrs. Robertson against some suit cases that were in the back of the car, causing the injury that at first was not considered serious, but later proved fatal.

The body was taken to Martha, Oklahoma, by the Maples Ambulance of Hamlin, and on Monday it was buried by the side of her husband who died thirteen years ago. All of her children were present for the funeral.

The Robertson family are pioneer citizens of Fisher County, and while Mrs. Robertson had reached the age

of seventy eight years, she still maintained a keen interest in the affairs of her community and church, being a long time member of the Hitson Baptist Church. At the time of her death, a grandson, Eldon Robertson, lived with her in her farm home near Hitson. A daughter, Mrs. J. W. Vance and husband also occupied a part of the farm house.

Survivors are two sons, six daughters, a number of grandchildren and great grandchildren.

Miss Lulan Vaughan went to Abilene Sunday to attend the summer session of McMurtry.
